

WATERCOLOR WORKSHOPS SUMMER 2018

EXPLORE, EXPERIMENT, DISCOVER

with Carole Berren AWS

OUTDOOR WORKSHOPS.....Tuesdays 9:30 - 3:30.

JULY 17,24,31,AUG.

Low Tide

Painting on location (en plein aire): What a view! It's overwhelming! Where and how do I begin? Step by step we will learn to organize the many shapes, colors, textures, etc. before us as we communicate our personal feelings toward the subject. We'll be talking about composition, design, the colors of luminosity, edges, perspective, and value relationships as we explore the sensitivity and essence of our subject matter.

INDOOR WORKSHOPS.....THURSDAYS 9:30 - 3:30

Le Sore Bun Studio • 65 Hedgerow Dr. Warwick

JULY 19, 26, AUG 2, 9

Working on Yupo.....July 19

At The Carnival

Working on Yupo is magical, fun, creative energies flowing. If we allow the unexpected to happen, we will be rewarded with unusual textures, color mixing and opportunities to imagine possibilities. And the best part, it's all erasable if we don't like something or change our minds. It's PLAYTIME!

Watercolor Collage.....July 26

Sherwood Forest

Using our regular watercolors on rag paper or on Bristol board as a starting point, or even working on a watercolor painting that doesn't work, we will be experimenting with beautiful rice papers, magazines, mat board, unusual or unexpected materials, dried flower pieces etc.....even old paintings, pages out of ?, words from anywhere enhance the suggested message...intrigue?....As long as we are experimenting with collage, we might choose to add acrylics and/or pastels to explore further possibilities.

OLD FASHIONED REVIVAL MEETING.....Aug. 2

Hallelujah.....**CPR (complete painting revival)** . We will take those "never finished-don't-know - what-to-do-with-it paintings that we all have sitting around waiting for us to "rescue" and do some revitalizing CPR. Together we will learn to critique our own work according to the concepts of design and composition, including color relationships and not-yet-thought-about-possibilities to turn previously not working pieces into possible prize winners. It's happened many times before. **Gospel music may be playing in the background. Giggles, fun and moments deep in thought in the foreground.**

Alcohol ink painting on Yupo.....Aug. 9

Eternity

The reactions of the alcohol inks on yupo is a new experience and very different from working with watercolors on yupo. Timing, materials and expectations are interesting to figure while making discoveries. Possibilities are amazing.

ALL CLASSES ARE FROM 9:30 AM TO 3:30 PM

INDOOR WORKSHOPS; 4 WEEKS.....\$360

OUTDOOR WORKSHOPS; 4 WEEKS.....\$360

Drop in.....\$ 100/ day
